OWL MOBILE instructions

SUPPLIES

Twigs
Craft Paper
Ribbon
Scissors
Glue
Hole Punch

TIPS

○ I like to include a few adolescents to go with the adults

○ Use a hole punch for the pupils (not on pattern)

○ If you have some cash sitting around begging to be spent, use it on big hole punches. Cutting out 72 eyes for 6 owls is not fun.

○ Easy: glue ribbon between bodies then tie end to twig. Cool: attach jewelry ring through top of owl, ame eye hook to bottom of twig, and connect with ribbon.
