HOLE PUNCH

## TIPS

- I like to include a few adolescents to go with the adults
- Use a hole punch for the pupils (not on pattern)
- If you have some cash sitting around begging to be spent, use it on big hole punches. Cutting out 72 eyes for 6 owls is not fun.
- Easy: glue ribbon between bodies then tie end to twig. Cool: attach jewelry ring through top of owl, an eye hook to bottom of twig, and connect with ribbon.
